## Work Experience

Currently I am working in **Srijan Technologies** as a **Front-End Developer** from 25 Jan 2016-Present.  
Previously I worked in **Q3 Technologies** as a **Senior UI/UX Designer** from 29 Oct 2012 to 22 Jan 2016.  
Prior to that I was in **XLNC Team** as a **Graphic & Web Designer** from 20 Jan 2012 to 27 Oct 2012.

## Recent Projects

**Name** : ProseMedia - <http://www.prosemedia.com>

**Environment** : Photoshop, HTML, CSS, SCSS, Drupal.

**Description** : This website is not responsive but compatible with all major browsers. It was the first project which was assigned to me after joining Srijan. Well working in this project was very interesting, as while working in this project I gained lot of experience & exposure to work using SCSS & Git. The time I started working on this project it had lots of bugs & issues that I had fixed. Well, evolved many skills while completing this project.

**Name** : City of Federal Way - <http://www.cityoffederalway.com>

**Environment** : Photoshop, HTML and CSS3, Drupal.

**Description** : This website is full responsive & compatible with all major devices. One of the most well coded project & best one too. Well working in this project was very interesting, as while working in this project I gained lot of experience & exposure to theme implementation in Drupal. There were few mockups designs also created as per client requirements, HTML pages, UI issues fixing & many months of hard work is involved in completing this project.

**Name** : WA-DNR - <http://www.dnr.wa.gov>  
**Environment** : Photoshop, HTML and CSS3, Drupal.  
**Description** : This website is full responsive & compatible with all major browsers. It also have content reading feature for inner pages. Overall we had faced many issues regarding UI distortion in devices, but finally it was completed & delivered to client successfully. Basically, DNR is in partnership with citizens and governments, the Washington State DNR provides innovative leadership and expertise to ensure environmental protection, public safety, perpetual funding for schools and communities, and a rich quality of life.

**Name** : Liquidation Channel - <http://www.liquidationchannel.com>
